Term/Question	Definition/List	Examples/Notes
Bioluminescence		
Why is it important?		
What are the enzymes involved in the bioluminescence process?		
What is the purpose of each enzyme?		
Bioluminescence organisms		
Examples of terrestrial bioluminescence organisms		
Examples of marine bioluminescence organisms		
What is the color of the light?		
Bioluminescence chemical		

reaction		
Difference between fluorescence and bioluminescence		
What is a plasmid?
