STATION 3 Homebody

Part I: Describe your house. You can use your memory and/or the floor plan as a guide. Your description does not need to match your partner/group.

Part I: Home description:

_____

Part 2: With a partner/group, list the parts of a home. What does each part do? What would happen if one part stopped working?

Part of home (structure)	Function of the part	What would happen if it stopped working?

Part 3: How is a home similar to a living thing? You can think of any living thing whether it's a human, animal or cell.
