Draft Argument

Develop an argument on a whiteboard. It should include:

1. A *claim* that answers the guiding question,
2. *Evidence* in support of the claim that provides an analysis of the data and a description of what the analysis means,
3. A *justification of the evidence* that explains why your group thinks the evidence is important.

Argumentation Session

Share your argument with your classmates. Be sure to keep track of any ideas that you can use to revise your argument and make it better in the space below.

Some possible ways to **improve** our argument…
