Creating a Teacher Account and Class on the Concord Consortium

Step 1: Create a Teacher Account

1. Go to https://learn.concord.org/.
2. Click **"Register"** in the upper-right corner of the page.
3. Choose **"Teacher"** and fill in the required information to create your account.

Step 2: Create a Class

1. Log in to your teacher account at https://learn.concord.org.
2. Click **"My Classes"** in the upper-right corner.
3. In the left-hand menu, select **"Classes."**
4. Click the **"Add Class"** button.
5. Complete the form by entering the following:
    - **Class Name**
    - **Description**
    - **Class Word** (*Important: Students will use this word to join your class*)
    - **Grade Level(s)**
    - **School Name** (If not pre-filled, enter your school's name)
6. Click **"Save Changes"** to finish creating your class.

Step 3: Locate and Assign Modules or Activities

1. Go to https://learn.concord.org.
2. Use the search tools to find an activity or module:
    - Use the "**Keywords**" search box in the left-hand menu to search by topic.
    - Apply the "**Subject**" and "**Grade**" filters to narrow your results.
3. Once you find an activity or module, you can choose:
    - Preview – View the student version of the activity.
    - Assign or Share – Assign the activity to a class.
    - Teacher Edition – View the teacher version with guidance and correct responses.
4. Click "**Assign or Share**" to assign the activity to your class.
5. Select the appropriate class, then copy the "**Shareable URL**." Post this link in your learning platform (e.g., Google Classroom, LMS) so students can easily access the activity.
6. To find additional lessons and units, visit the Collections page: https://learn.concord.org/collections
