Explore Phase: Unit Reflection Questions

1. **Unit 1: Go with the Flow**
    - Pre: *What comes to mind when you think about water flow in a river?*
    - Post: *How did your understanding of river flow change? What surprised you?*
2. **Unit 2: Here Comes the Flood**
    - Pre: *What causes rivers to flood?*
    - Post: *Which factor had the greatest impact on causing a flood in the simulation? Why?*
3. **Unit 3: Permeability Problems**
    - Pre: *How does land type (soil vs. pavement) affect flooding?*
    - Post: *How did changing permeability levels change flood outcomes? Give an example.*
4. **Unit 4: Flood Hazards**
    - Pre: *What makes a flood harmful to people or infrastructure?*
    - Post: *Which hazard stood out most, and why?*
5. **Unit 5: Future Floods**
    - Pre: *How might climate and development change flooding in the future?*
    - Post: *Based on today's simulation, what might future flood risks look like?*
