What do you know about your senses?

Question	Response
Brain Dump!!!! What do you know about the nervous system? What organs are involved? What are the cells like? Write down everything that you can think of.	

Question	Response
Brain Dump!!!! List everything you know about your senses. How many senses are there? How do they work? What do they do? Write down everything that you can think of.	

	Response
In the spot to the right, sketch all the different organs associated with the nervous system. **Make a model of how you think our nervous system takes information and processes it. Draw it out, label it, add arrows, whatever you think best illustrates how this works.**	

Teacher Notes:

For those unfamiliar with modeling: use the following resources
